

DELTA FORCE[®] 2 START UP GUIDE

CLASSIFIED

THE ENTIRE STAFF OF NOVALOGIC WOULD LIKE TO THANK YOU FOR PURCHASING DELTA FORCE 2

In October of 1977, the 1st Special Forces Operational Detachment-DELTA was secretly formed to deal with the growing threat of world terrorism. At Fort Bragg, elite Delta Force operatives, recruited mainly from the 82nd Airborne, Special Forces Green Berets and U.S. Army Rangers, rigorously train in hostage rescues, specialised reconnaissance and other counter terrorism techniques. Highly skilled in CQB (Close Quarters Battle), armed with the best equipment, and able to infiltrate as civilians, Delta Force is ready to deal with the most dangerous world threats.

Due to the extremely sensitive nature of these low-visibility missions, the U.S. Department of Defence still does not officially acknowledge the existence of Delta Force.

The Special Forces Creed

I am an American Special Forces soldier! A professional!

I will do all that my nation requires of me. I am a volunteer, knowing well the hazards of my profession.

I serve with the memory of those who have gone before me: Rogers' Rangers, Francis Marion, Mosby's Rangers, the 1st Special Service Force, the Jedburghs, Detachment 101, and the Special Forces soldiers of the Vietnam War, who won 17 Medals of Honor and 90 Distinguished Service Crosses. I pledge to uphold the honor and integrity of all these, in all that I am, in all I do.

I am a professional soldier. I will teach and fight wherever my nation requires, to liberate the oppressed. I will strive always to excel in every art and artifice of war.

I know that I will be called upon to perform tasks in isolation, far from familiar faces and voices. With the help and guidance of my God, I will conquer my fears and succeed.

I will keep my mind and body clean, alert and strong, for this is my debt to those who depend upon me.

I will not fail those with whom I serve. I will not bring shame upon myself or the Forces.

I will maintain myself, my arms and my equipment in an immaculate state as befits a Special Forces soldier.

My goal is to succeed in any mission – and live to succeed again.

I am a member of my nation's chosen soldiery. God grant that I may not be found wanting, that I will not fail this sacred trust.

Installing Delta Force 2

Welcome to Delta Force 2. In order to play Delta Force 2, you must first install the game files onto your computer's hard drive.

The AutoRun program will automatically load itself and run each time you insert the Delta Force 2 CD into your CD-ROM drive. Delta Force 2 uses InstallShield® to place the necessary files on your hard drive. Before you begin installing the game, close all programs that your computer may be currently running. The installation program requires all of your computer's resources.

- 1) Place the game CD into your CD-ROM drive and close the drive door. The AutoRun program will now run. If you have turned off the AutoRun feature or if the AutoRun fails to launch automatically, double-click on the "My Computer" icon on your desktop and then double-click on your computer's CD-ROM drive letter. This should launch the Delta Force 2 AutoRun.
- 2) Click the mouse on one of the menu choices, or type the letter corresponding to the underlined hot key.
- 3) At the beginning of the installation program you are given the opportunity to select a destination folder for the game. A default is typed in the window for you. Press the Enter key to select the default destination. Otherwise, select your own folder name. If the folder you specify does not already exist on your hard drive, the Install program will create it for you. Further installation instructions will appear on-screen.
- 4) If there is enough free hard drive space at the destination site, the program will copy the files from your Delta Force 2 CD-ROM. An on-screen progress meter displays the completion percentage as the program transfers the files.
- 5) The install procedure automatically adds a NovaLogic folder to your Windows® Start Menu under the Programs heading. The Delta Force 2 sub-folder within the NovaLogic folder contains an application short-cut icon for the game.
- 6) If your Windows 95/98 system does not already have DirectX installed, you will need to install it now. Select Install DirectX from the AutoRun program, then follow the on-screen instructions. You will need to restart your computer to activate DirectX before you can play Delta Force 2.

To start Delta Force 2, double-click on the Delta Force 2 shortcut. You can also go to the program's directory or Start Menu and double-click on the Delta Force 2 program icon. Use your computer's Find feature to locate the program if you are having trouble locating the game. Your Delta Force 2 CD-ROM must be in the CD-ROM drive to play Delta Force 2.

Enjoy playing Delta Force 2!

Game Settings

The Settings screen allows you to reconfigure several elements of game play.

General Settings

Mouse Sensitivity: Increases how responsive your mouse is.

Flip Mouse: Reverses Look Up/Look Down movement on the mouse controls.

Resolution: Select from between 400 x 300 to 1024 x 768. A Pentium II is required for 800 x 600 and greater resolutions.

Driver: Play the game in a Window on your desktop, in full-screen mode, or in Direct 3D mode. Direct X 6 is required for Direct 3D mode. Note, windowed mode does not support mouse look.

SFX Volume: Sets the volume level of game sound FX. TIP: Paying close attention to the subtle sounds around you is a vital survival skill of a Delta Force soldier.

Music Volume: Sets the volume level of the music in the menus.

Dialogue Volume: Sets the volume of spoken dialog in the game.

Difficulty Settings

Enemy AI: Select "Hard" to make the enemy use more complex tactics. The game defaults to "Easy".

Squad Members: Select "Off" if you want to brave a mission on your own.

Tracers: Select "Off" if you don't want to see the bullet trails from weapons that use tracer bullets. Note that not all firearms use tracers.

Friendly Fire Warning: Select "Off" to remove the Red safety X that appears when you target your team members.

GPS Icons: By "Default", each mission shows icons for certain enemies on the GPS and Commander's Map. You can select "Show Friendly" to see only your team mates or "Show Everything" to see all enemies in a mission.

Remap Keyboard

This screen allows you to reconfigure what action the keys and mouse will control. Select the command with your mouse and follow the instructions on the right side of the screen.
