

BLACK™

POSITIONING:

In the War on Terror, There's No Time for Stealth

DESCRIPTION:

BLACK™ is the explosive first-person shooter from the award-winning Criterion studio, makers of the hit Burnout™ series. The game pays homage to every adrenaline-fueled Hollywood blockbuster to deliver hours of bang, boom, and rat-a-tat-tat. Bullets pulverize plaster and splinter boards; bigger ammo breaks down doors and shears concrete from buildings in fat chunks. When you finish a level, it'll look like a tornado hit it. This is no simulation-based, covert action shooter—this is an intense action gunner set to revolutionize video game shooting, squeezing out more power than anything before.

KEY FEATURES:

- **Overt Action** — BLACK operatives do not hide in shadows or sneak behind walls waiting for the right time to engage their foe—they destroy the wall, the enemy, and anything else that gets in their way.
- **The Guns Are the Stars**—An explosive arsenal of bleeding-edge weaponry lets you experience the awe-inspiring power of the world's most exotic lethal firepower.
- **If You Can See It, You Can Shoot It**—Reduce cities to rubble in a world where virtually nothing is impervious to your bullets.
- **Get Your Blood Pumping**—Adrenaline is your friend. Visceral, destructive action sucks you deep into the gameplay as you blaze and blast your own path through open-ended environments.
- **BLACK-Style Kills**—Use destructible worlds and explosive objects to take out enemies in cover, frag multiple enemies at once, or just wreak massive destruction for its own sake.
